Piano music reading game is a virtual piano game that allows you to improve on your music reading skills. It lets you listen to MIDI files and recognize different pitches and notes. It features a new innovative way to identify intervals and thus helps with note recognition. It comes with three different levels; beginner, advanced, master. You can even record your scores.

If you need to master classical music, it is important to have good sight reading/read music techniques. Whether it is

a.Fur Elise (by Beethoven),

b.Canon in D maj (Johann Pachelbel),

c.Clair De Lune (Claude Debussy),

d.Moonlight Sonata,

e.Turkish March (By Mozart),

f.Fantaisie Impromptu (by Chopin), etudes,

or any other classical music. Please visit <http://www.harmonyandmelodystudio.com> for support and more piano courses and softwares.
